# Has the Santa Barbara City Council Lost Its **FOCUS?**

Paid for by Preserve Our Santa Barbara, Inc. PAC, P.O. Box 50536, Santa Barbara, CA 93150.  
Not authorized by a city candidate. Major funding provided by Randall Van Wolfswinkel

# Have You Had Enough of Politics as Usual at City Hall?

- Have you had enough of bloated salaries, benefits, and pensions for city employees?
- Have you had enough of financial mismanagement that has run the city's deficit to \$10.8 million and our reserves down to just \$900,000?
- Have you had enough of eleven separate gangs and nearly 800 active gang members threatening the people of Santa Barbara?
- Have you had enough of wasting millions of dollars on unworkable "traffic-calming" devices in neighborhoods where there was no evident public demand for them?
- Have you had enough of aggressive panhandling and street people making our downtown a less desirable place to visit for families, friends, and tourists?
- Have you had enough of higher water, sewer, and trash rates while some city employees are making six-figure salaries, working less than four days per week, and are eligible to retire in their mid-50s with lifetime pensions of \$50,000 to \$100,000?
- Have you had enough of the Council and city planners approving huge development projects that ignore their own land use rules and are out of character with Santa Barbara (such as Chapala One)?
